

GO or NO GO weather factors how we decide and what to look for

Weather and weather briefings can be the time consuming or can be as easy as "would you like to file?"

We will discuss what to look for in a good briefing and the pitfalls of not digging deep enough to really understand what mother nature is preparing to throw at you.

Directions: Proceed south of Mandan on Highway 6 to the Y19 airport, then turn left into airport. The Mandan Airport Terminal is to your right on the left side as you enter the airport, next to the pumps.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
